## Education

### The Game Assembly Malmö

*Game Development Program – 2025 - Ongoing*

My current education where I am studying to become a game developer / programmer. My chosen specialization is AI systems.

This education is planned from 2025 to 2027.

### Komvux Helsingborg

*Warehouse Administrator program – 2021*

Completed a warehouse administration program where I studied areas such as purchasing, logistics, business economics, and administration. The education also included warehouse logistics training, forklift certification, and hazardous goods handling.

### Ljud och Bildskolan Helsingborg

*High School Diploma — 2013*

*Upper secondary education with a focus on Programming and Game Design.*

*Winner of the LBS Game Awards 2012.*

## Work Experience

### IT Coordinator

Saps Service Management AB Malmö - 2022 to 2023

Worked as an IT/customer coordinator where I was responsible for integrating new clients into our system and conducting IT workshops for the company's employees. I also handled internal and external training for new colleagues and new clients. The role required a lot of independent work, and I managed my own schedule.

### Administrative Coordinator

*Skånska Energilösningar Helsingborg - 2021 to 2022*

After completing my education, I worked as an administrative coordinator where I was responsible for tasks ranging from planning schedules for technicians to invoice verification and approvals. The role also included some warehouse-related work. There was a strong focus on teamwork, as I served as the first point of contact for the technicians I coordinated.

### Switchboard Operator

*Manpower Lund - 2018 to 2020*

Worked as a consultant through Manpower for the Region Skåne hospital switchboard. We handled incoming calls from both staff and the public. When speaking with callers, the work mainly involved providing information and transferring calls. Calls from staff often required additional problem-solving.
